VIDEO AND AUDIO SURVEILLANCE ON SCHOOL PROPERTY

The Board authorizes the use of video and/or audio surveillance devices on District property to ensure the health, welfare, and safety of all staff, students, and visitors to District property and to safeguard District buildings, grounds, and equipment. The superintendent will approve appropriate locations for surveillance devices.

Placement of the video cameras will be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy in areas or at events that occur in plain view. However, such devices are not to be placed in bathrooms or locker rooms.

Signs will be posted on school buildings to notify students, staff and visitors that video cameras may be in use. Parents and students will also be notified through the student handbook.

Students will be responsible for any violations of school rules recorded by video and/or audio surveillance devices.

The district will retain video recordings until they are erased, which may be accomplished by either deletion or copying over with a new recording.

Videos containing evidence of a violation of student conduct rules and/or state or federal law will be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or applicable law. Any release or viewing of the video will be in accordance with the law.

In the event an audio or video recording is used as part of a student discipline proceeding, such video may become part of a student's education record. If an audio or video recording does become part of a student's education record, the provisions of Policy JRA shall apply.

The Superintendent is authorized to contact the District's attorney for a full legal opinion relative in the event of such an occurrence.
