SUMMER LEARNING

The Board recognizes that student learning is an ongoing process and that it is important for students to engage in learning activities even when not attending school. Students will be expected to complete summer activities that support student learning. There will be required summer work.

Students may take credit bearing courses, either at the high school or in an alternative setting, as defined by Policy IMBC – Alternative Credit Options for High School Graduation. These credits will carry the same value as those earned during the school year. Students who intend to complete course work for credit must obtain prior approval from the high school building principal or designee.
