PHYSICAL EXAMINATIONS OF STUDENTS

Each child must have a complete physical examination within one year preceding first entry to school. The Board recommends that physical exams also be completed before entry into middle school and again before high school. No medical examination shall be required of a child whose parent or guardian objects thereto in writing on the grounds such medical examination is contrary to his/her religious tenets and teachings.

Parents of students transferring to the District must present proof of meeting the physical examination requirement prior to or upon first entry into the District's schools. Failure to comply with this provision may result in exclusion from school for the child. This requirement does not apply to students under the McKinney Vento Act.

Prior to participation on a school athletic team, students must provide written documentation that they have passed a physical within the last two years. This requirement does not apply to students participating in intramural athletics
