

## Continuing and Alternative Education and Enrichment Action Plan

2014-2015

### *Goal #1*

- o In order to expand alternative pathways for all students to achieve their personal goals, structures, organization, and procedures will be designed for all elements of the Timberlane Continuing/Alternative Education Program by June of 2015.

### *Action Steps for Goal #1*

- o Establish an oversight committee to establish the working components of the Continuing and Alternative Education Program
- o Establish the organization of personnel and responsibilities within the program
- o Create handbooks and brochures to communicate the program components

### *Action Steps for Goal #1*

- o Establish the roles and responsibilities of Site Supervisors
- o Establish a clear communications pathway for the program that extends to the Day Division and the SAU

## *Goal 2*

- o To better align with day division the curriculum, instruction and assessment of all elements of the Timberlane Continuing and Alternative Education Programs will comply with district expectations by June of 2015.

## *Action Steps for Goal 2*

- o All courses in the Summer and Evening Division will follow the same curriculum as the day division
- o Number of regular school year courses offered for credit in the summer will increase
- o Increase the number of blended and online courses offered in the summer and evening division

## *Action Steps for Goal 2*

- o Supervision and evaluation of staff will follow the district plan
- o Appropriate walkthrough forms for summer and evening will be developed
- o Mid-Term and Final Exam procedure will be the same in both day and evening division
- o Evaluation of courses will be conducted using collected data

## *Goal 3*

- o In an effort to expand community outreach and extended learning opportunities steps will be taken to develop partnerships with higher education, other districts, and local business and community entities to provide learning opportunities for students and adults throughout the 2014-15 school year.

### *Action Steps for Goal 3*

- o Coordinate efforts to work with colleges and universities for the potential of becoming a satellite campus.
- o Establish relationships with local colleges/universities to create student teacher opportunities
- o Develop partnerships with other school districts/colleges/universities to offer dual credit opportunities

### *Action Steps for Goal 3*

- o Develop a committee to establish a business and district-wide community partnership program

### **Goal #4**

- o In order to offer expanded opportunities for flexible learning environments we will look to explore and develop blended and online education programs during the 2014/15 school year.

### **Action Steps for Goal 4**

- o Explore companies that supply on-line courses for grades 6-12
- o Explore companies that assist with using our own curriculum in an online environment
- o Look for professional development that will help us create in-house online courses
